

3-D Butterfly Card (page 1 of 2)

This is a pretty 3-D card, perfect for spring!

3-D Butterfly Card (page 2 of 2)

1. Print this page onto sturdy card stock (or print and trace). Cut along the solid lines (make a note of the two lines indicated where the butterfly wings will interlock).
2. Color both sides of the butterfly and decorate the card as you wish.
3. Carefully fold along the dotted lines (use a bone folder and ruler to make it easier).
4. Interlock the wings at the two slits.

The finished card measures about $4\frac{1}{2}$ x $3\frac{3}{4}$ inches.
