

## Christmas Cone Ornament

(Page 1 of 2)

This is a very quick and easy holiday project, perfect for children!  
Fill the Christmas Cone Ornament with candies or a small gift,  
and hang it on your Christmas tree.

# Christmas Cone Ornament

(Page 2 of 2)

1. Print this page onto heavy card stock and trace cone template onto paper (or print directly onto the *wrong side* of heavy paper or lightweight card stock).
2. Cut on solid lines, fold on dotted line.
3. Decorate as desired.
4. Use decorative scissors to make a pretty edge along the curve.
5. Carefully roll cone and glue tab inside other straight edge.

*Note: This can be tricky—practice using plain paper first to get the hang of it! Rolling the cone around a wooden dowel will help the paper curl and will make it easier to handle.*

6. Punch holes at the dots and tie a ribbon through them.
7. Fill the cone with candies or a small gift.
